Lovely Happy New Year Greetings

Leave behind the old chapters that were filled with pages of worries and sorrow.  
Begin the New Year with happiness, cheer and smiles.

Only a few days left this year. So I wanna convey my thanks to all those who:  
Loved me – they made my heart bigger.  
Hated me – they made me a stronger person.  
Entered my life – they made me who I'm today.  
Left me – they made me realize that nothing lasts forever.  
Were worried about me – they let me know that they actually cared.  
Just want to thank you all for being there in my life!

Nights are dark but days are bright, keep your head and heart in a place that's  
right. Don't get sad as it's almost near. Yes! We are talking about an upcoming New  
Year.

May the New Year transform your:  
Your tears into joy  
Your plans into action  
Your dreams into reality  
Your savings into assets  
Your love into togetherness  
And your milestones into destinations!  
A very Happy New Year
